RMZ Nexity and CMVA Host One of the Largest Curated Vintage Motor Showcase in Hyderabad, Celebrating 105 Years of Motoring Heritage

- *Over 55 vintage cars and motorcycles spanning 1920-1988, including a rare 1938 Austin 7 and a 1920 Stutz believed to be the only one of its kind in India as well as other iconic British, German, European and American marquees showcased*
- *Planting one tree per participating vehicle, reinforcing RMZ's focus on responsible and sustainable practices*

Hyderabad, India, 01 March 2026: RMZ Nexity, the Grade A commercial development by RMZ, Asia's leading privately owned integrated alternative assets platform, and Classique Motor Vehicle Association (CMVA), successfully hosted one of Hyderabad's largest curated private vintage and classic motor vehicle rallies. The event brought together over 55 heritage vehicles spanning 1920 to 1988 for an exclusive showcase within its Grade-A corporate campus – A first for the city.

The invite-only exhibition featured nearly 33 classic cars and 14 vintage and classic motorcycles, alongside over 250 attendees including CMVA members, guests and invitees. Together, the event brought 105 years of motoring history into a contemporary corporate setting, blending craftsmanship culture and community.

Among the headline vehicles were a rare 1920 Stutz, likely India's only road-registered example, a 1948 Bentley Mark VI, a 1971 Mercedes-Benz 600, a rare Triumph 2000, Austin A40 and a Morris Oxford. There were some of the Indian Heritage Cars like the Hindustan Ambassador (OHV – Mark 3), Fiat 1100D and a Standard Herald. Rounding off the line up were some of the German classics like the Mercedes-Benz W123 and the Volkswagen Beetle, one of the most iconic mass-produced cars in this line up. The motorcycle line-up included legendary marquees such as Norton, Matchless, BSA, Royal Enfield, Yezdi, Lambretta, and Vespa, representing British, American, German and Italian automotive heritage in one curated showcase.

The Chief Guest, **Mr. C Ramesh, Joint Transport Commissioner, Telangana**, said, "It is truly encouraging to see the passion and commitment of enthusiasts who are preserving our vintage and heritage automobiles. As a culturally rich city, Hyderabad welcomes such initiatives that celebrate history and craftsmanship. We are examining the Government of India's vintage vehicle policy and look forward to adopting similar measures in Telangana, including special registration provisions, to further support and encourage the preservation of classic vehicles."

The event was attended by Mr. Shashidhar Batchu (President, CMVA), Brigadier CP Sriram, Samanyu Chitte, Pawan Manepally, Pravinender Rao and S.A. Akheel among other senior CMVA members, guests and special invitees.

With the key theme as Heritage drives sustainability, as part of RMZ's commitment to the environment, the event incorporated measures to mitigate its carbon footprint by planting one sapling for every participating vehicle. The exhibition brought together collectors, senior officials and corporate leaders in a celebration of motoring heritage anchored in responsible practices.

"We believe that corporate spaces can also serve as a platform for culture, community and shared experiences. Hosting this vintage motor vehicle showcase in our RMZ Nexity campus is a testament to our commitment to building environments that go beyond workspaces, combining heritage, sustainability and meaningful engagement," said **Thirumal Govindraj, CEO, RMZ Office & RMZ NXT**. "The underlying theme of sustainability also aligns with our long-term commitment to responsible growth and environmental stewardship."

Mr. B. Shashidhar, President, Classique Motor Vehicle Association, said**, "**CMVA was founded with a singular mission, the preservation of vintage and classic vehicles as part of our shared cultural heritage. Hyderabad has a remarkable automotive legacy, shaped by its royal history and early patronage of luxury motoring. While many historic vehicles have been lost over time, there is a renewed commitment among collectors to restore and preserve what remains.

Our partnership with RMZ for this showcase has enabled us to present these heritage vehicles within a contemporary corporate setting, expanding appreciation beyond the collector community. We are grateful for RMZ's support and hope this collaboration continues as an annual celebration of Hyderabad's motoring culture."

By hosting the first ever vintage motor vehicle show within a modern business park in HITEC City, RMZ Nexity, along with Hetero as venue partner created a distinctive background with royal-era automobiles and classic motorcycles against Hyderabad's contemporary tech skyline, reinforcing the connection between legacy and innovation. The event underscored the enduring appeal of automotive heritage while creating a shared cultural moment within a modern corporate setting.

About RMZ

RMZ is one of Asia's leading multi-strategy, privately owned alternative asset owners and operators, anchored in India and benchmarked to global standards. The firm builds, owns, and operates a diversified portfolio of real assets and infrastructure across premium commercial real estate, mixed-use developments, logistics, hospitality, and digital infrastructure.

Founded in 2002 and headquartered in India, RMZ has developed and owns over 70 million square feet of real assets across six major Indian cities, with assets in excess of US$20 billion. Operating through an integrated owner-operator model, RMZ combines development, operations, and capital management to create long-horizon platforms built to scale and endure.

Guided by institutional governance and a build-to-hold philosophy, RMZ focuses on creating vital real assets and large-scale urban environments that support enterprise growth, generate employment, and enable long-term economic development. Through disciplined capital allocation and operating expertise, RMZ attracts global capital and contributes to strengthening India's competitiveness on the global stage.

About CMVA

The Classique Motor Vehicle Association (CMVA), based in Hyderabad, is a dedicated community of vintage and classic motor vehicle enthusiasts.

Formed by passionate collectors and admirers, CMVA was created with the vision of preserving motoring heritage and keeping alive the timeless charm of automobiles from a bygone era. We believe that every classic car and motorcycle carries a story — of design, craftsmanship, engineering, and culture — that deserves to be celebrated and shared.

Our association brings together people from diverse walks of life who are united by a common love for historic vehicles. From carefully restored vintage beauties to rare classic treasures, CMVA members proudly maintain and display their vehicles at events, rallies, and public exhibitions.

Beyond showcasing cars and bikes, CMVA serves as a platform for friendship, knowledge-sharing, and community building. Whether it's restoring a rare model, sourcing authentic parts, or simply appreciating the elegance of a well-preserved automobile, our members support each other and inspire the next generation of enthusiasts.
